**Subject: Please continue to support the Pain-Capable Unborn Child Protection Act**

Dear Senator Portman

As a constituent from our great state of Ohio, I want to personally thank you for co-sponsoring S.1922. Please continue to support the Pain-Capable Unborn Child Protection Act, oppose all weakening amendments, and call for a vote. I believe the United States should not be among the few nations in the world who allow elective abortions at such a late stage of pregnancy.

According to the Washington Post and many surveys in recent years, the majority of Americans support this kind of legislation, and this is especially true among women\*. This bill represents a common-sense and widely-supported reform of abortion policy. I want to thank you for continuing to do all you can to see this legislation enacted into law.

Sincerely,
