**Subject: Please support the Pain-Capable Unborn Child Protection Act**

Dear Senator Brown

As a constituent from our great state of Ohio, I urge you to please support the Pain-Capable Unborn Child Protection Act (S. 1922), oppose all weakening amendments, and call for a vote. I believe the United States should not be among the few nations in the world who allow elective abortions at such a late stage of pregnancy.

According to the Washington Post and many surveys in recent years, the majority of Americans support this kind of legislation, and this is especially true among women\*. This bill represents a common-sense and widely-supported reform of abortion policy. I want to thank you for lifetime support of the "little guy", and look forward to seeing you extend that support to the smallest of all who have no other voice, by seeing this popular legislation enacted into law.

Sincerely,
